DIGIS3

The DIGIS3 initiative - DIGItalisation Smart, Sustainable and coheSive is configured as a Digital Innovation Hub to provide companies and public administration with access to the information, services and facilities they need to successfully address their digital transformation processes.

Specifically, we provide the following services:

TRAINING AND CAPACITY BUILDING
• Technology dissemination and awareness.
• Technology training and capacity building.

TEST BEFORE INVESTING
• Digitalisation mentoring.
• Diagnosis for SMEs, micro-enterprises and individual entrepreneurs in relation to technological digitisation.
• Technological advice.
• Visiting digital demonstrators.
• Support in the design of proofs of concept and prototypes.

SUPPORT IN THE SEARCH FOR FUNDING
• Technical advice regarding access to funding opportunities.

NETWORKING AND ACCESS TO INNOVATION ECOSYSTEMS
• Technological ecosystem.
• Entrepreneurial ecosystem.
• Networking.
